### HOPKINTON

At the home of Rev. E. P. Mathewson, Maple Court, Ashaway, Tuesday evening, February 16th, Thomas Smith, Lawrence and Sarah Cordelia Kenyon were united in marriage. They were attended by Wilson Kenyon, brother of the bride and Miss Emily Platt. Saturday evening, February 13th, at the same place, Alvina Isaac Crandall and Margaret Adella Groves were joined in matrimony. They were attended by Harold P. Collins and Anna Johnson. All reside in Hopkinton.

A Valentine party and dance was held in Ashaway hall, Saturday evening. The Shore Line Electric Railway company has done nothing toward furnishing service on the Ashaway and Westerly line since the storm. A huge drift in a cut near Swanton, which was a hard proposition and, notwithstanding the fact that this line has been well patronized, the company seems inclined to leave it till the

### WESTERLY

By vote of the Westerly financial town meeting the senator and representatives from the town in the Rhode Island general assembly have been requested to urge the passage of the daylight saving bill, on which a public hearing will be given Tuesday by the house judiciary committee. Strong opposition is expected from the rural sections. Thirty-eight members of the Providence Chamber of Commerce have been appointed a committee to appear in support of the measure.

In opposition there will be representatives of the Rhode Island State Grange and the farmers in general, who have declared unalterably opposed to daylight saving.

Another important measure before the house judiciary committee is the bill abolishing night work for women and minors, and establishing a 48-hour working week in all manufacturing and mercantile establishments.

The annual meeting of the Narragansett company, of which the Westerly Light and Power company is subsidiary, is to be held today (Tuesday). The company has earned its eight per cent dividend and also carried \$41,429.81 to surplus account for the calendar year 1919. This compares with a deficit of \$22,415.86 for the 1918 year. This year's sales factory considering the fact that 1919 was far from a normal year to public utilities corporations. The corporation has at present 26,376 customers, a gain during the year of 3348, the largest ever in any single year.

The total number of stockholders is 3500, a gain of about 1000, or thirty per cent, during 1919, and thirty per cent of the company's securities are held in Rhode Island. The number of shares purchased by the company in June, 1919, and offered in small lots to customers not already stockholders was 33206. The demand exceeded the supply, but 330 new stockholders were added by this sale.

Additions to property and plant during the past year have amounted to \$1,117,463, which sum includes \$234,000 for building and 64,000-volt overhead transmission line for the east shore and connections. About one-half the convertible seven per cent note issue, which matures on October 1, 1921, was converted into common stock on January 1, 1921. The remainder can be exchanged at any interest period upon maturity.

In the Providence district, which includes Westerly, twenty-three recruits were gathered for the army last week in the peace time drive, that is being conducted to fill up the ranks of the army. The drive began January 1 and will continue to March 31. The recruits are permitted to choose their branch of service. Last week's recruits were practically all employed men, and shows that the vocational and educational training now offered in the army appeals to the young men who want to learn trades. During March the Thirtieth Infantry and Thirty-sixth Infantry bands from Camp Devens will be in the district for ten-day periods, and effort will be made to have the bands make a visit to Westerly.

Orders just issued from the adjutant general's office specify that inspections of the several organizations of the Rhode Island State Guard will be made by the adjutant general, assisted by the commanding officer, according to the following itinerary:

Fourth Company, Westerly, April 1; Thirtieth Infantry, Bristol, April 5; Fifth Battalion, Providence, April 7; Cranston Street Armory, (Fifth, Seventeenth and Eighteenth Companies) Fourth Battalion, Providence, April 12; Infantry Hall (Eighth, Ninth, Tenth and Eleventh Companies) Sixth Company, Pawtucket, April 12; Sixteenth Company, East Greenwich, April 13; First Company, Woonsocket, April 19; Second Company, Newport, April 20; Second Company, Wakefield, April 22; Headquarters and Supply Company, Machine Gun Detachment and Sanitary Detachment, Providence, April 27; Fifteenth Company, East Providence, April 28.

Sanitary detachments attached to organizations not in Providence or Pawtucket will be inspected with their respective organizations. All organizations will appear in heavy marching order. Bayonets will not be carried.

All organizations will be on the floor of their armories promptly at 8:15 o'clock upon the evenings to which inspections are assigned. Organization commanders are enjoined to do their best to state an interest in the inspection on the part of members whose names are still on the rolls.

In response to a still alarm, the Cyclone auto truck was sent out Sunday night to inspect the sub-station power house of the Shore Line Electric Railway, a one-story brick structure, off the Watch Hill road, at a point where the Pleasant View branch of the trolley road leaves the Watch Hill highway. The truck made good time considering the rough road conditions, and the fire which was in the roof was extinguished with chemicals before much damage was done.

The only difficulty encountered was on the return trip when the machine was stuck on up Cooky hill to the fire station, and in getting the wheels out of the deep ruts in the ice and snow. This was finally accomplished.

It was the first call on the fire department since the severe storms left the highways in the worst condition ever, according to the oldest of Westerly's inhabitants.

At the recent meeting of the executive board of the Seventh Day Baptist Missionary society, held in Westerly, Albert S. Babcock, who has been recording secretary twenty-one years, missed a meeting of the board for the first time. He was kept away by a severe attack of rheumatism and Mrs. Charles W. Clarke acted as secretary pro tem. Rev. Clayton A. Burdick, the president of the board, was confined to his home by severe cold and Ira B. Crandall presided. The treasurer, Samuel H. Davis, was at the meeting just long enough to submit his report. Duties connected with his position as a representative from Westerly in the Rhode Island general assembly, required his presence at the state capital.

A committee composed of Samuel H. Davis, Albert S. Babcock, Ira B. Crandall and Edwin Shaw was appointed to take into consideration the question of exchange in paying the appropriations to him.

It was voted that the income on the Alice Fisher Fund be administered through the board of trustees of the Seventh Day Baptist Memorial Church.

Rev. W. D. Tickner was appointed a missionary to Grand Marsh, Wisconsin. The secretary was authorized to arrange with churches and pastors in Michigan for visiting scattered Sabbath-keepers, or engaging in special missionary or evangelistic work. The evangelistic committee made report, stating that it is ready to and the churches in any evangelistic campaign. The report was approved, this item being included: "The missionary board is deeply interested in the welfare of the pastored churches in Rhode Island and Connecticut and is ever ready to cooperate with these churches in any way in securing such pastoral care and oversight as may be necessary for the churches." The board adopted the policy.

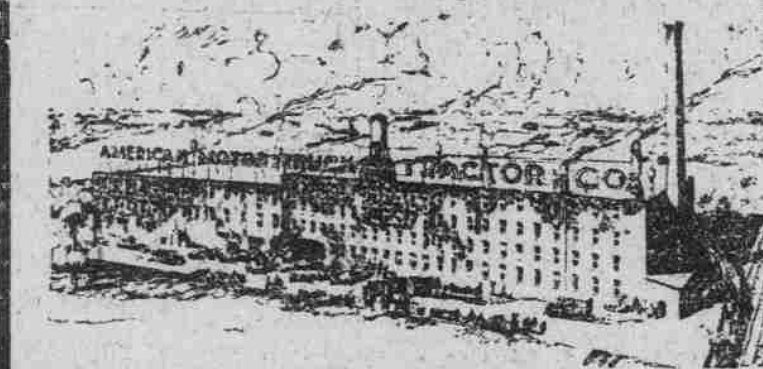

## Money Makes Money

Not by spending it foolishly, but by investing it wisely. Why not let your money work for you? Any authority on money matters will tell you that New England manufacturers are big money makers.

### Be Careful Do Not Invest in a Company That Has NO FACTORY

We are making TRUCKS. We have sold more trucks than we can deliver. We need more working capital. That is the reason we are offering shares in our company. The profits are about \$1,000.00 per truck. Our schedule calls for 300 trucks equaling about \$300,000.00 profit. With more money invested we could make \$1,000,000.00 profit.

### Our Factory at Portland, Conn., Appraised Value \$176,000

new buildings for the Boys' school and the Girls' school at the mission in Shanghai, and that a committee composed of Rev. Clayton A. Burdick, Robert L. Conn, Charles H. Stanton, Dr. Anne L. Waite and Secretary Shaw, consider the matter, and to have in charge the interests of the entire China mission.

It was voted that the administration of the funds to be provided by the New Forward Movement Denominational Budget for supplementing the salaries of pastors, be delegated to a committee composed of Samuel H. Davis, John H. Austin, Albert R. Stillman, Mrs. E. B. Saunders and Secretary Shaw.

The meeting was held in the Pawcatuck Seventh Day Baptist church, Westerly.

The superintendent of health in Westerly in his report to the town council, did not include a single case of influenza, and in consequence, it was supposed the town was free from the disease. As a matter of fact there have been many cases in the town, so many that some of the physicians were compelled to run office hours for calling on patients. There have been several deaths from pneumonia following influenza. It may be that the cases were not reported to the town council, but it is understood that quite a number of cases have been reported to the state board of health from Westerly.

The superior court for Washington county convened at Kingston Monday. The grand jury brought indictments against Frank Manna, charged with abandonment of family, embezzlement and enticing Mrs. Cappucco to the state for immoral purposes; and against assault with intent to kill John Hereau. Juliana was arraigned, pleaded not guilty and held for trial at Westerly in bonds of \$2,000. Manna will be arraigned at Westerly.

Tuesday will be devoted to divorce cases, and the court will then adjourn to convene in Westerly next Tuesday, when all criminal cases will be tried.

### Local Laconics.

James Hagan, of the internal revenue department, has been assigned to aid income taxpayers. Mr. Hagan can be consulted in the Third district court room.

A herd of thirteen deer was in the vicinity of the Miquamit Inn, near Watch Hill, Sunday afternoon.

Ervin Main, a Westerly Automatic Telephone lineman, received an electric shock while at work on a pole in Elm street, Monday morning, but escaped serious injury. The shock was heavy and caused the temporary numbing of his left leg. He sustained several minor cuts.

Hiram Johnson, 72, generally known in Westerly, died Sunday at his home in Alton.

Rev. Garrah Messian, of Armenia, will address the Men's club of the Congregational church, this (Tuesday) evening. He lost his parents and a sister in the massacre of 1917.

Writes to Beethoven. A letter addressed to the composer Beethoven was received in Vienna the other day from a woman in the provinces. She wrote she had recently heard some of his music and anxious to place her daughter under

his tuition. The postal authorities delivered the letter at the house in which Beethoven lived and where he died 92 years ago. The concierge said no such man resided there, the postman sent it to the dead letter office.

## THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Norwich Daily Bulletin.

WHEN YOU WANT to put your business before the public there is no medium better than through the advertising columns of The Bulletin.
